Dear Vladimir Eduardovich,

The Administration Office of Rosselkhoz nadzor for Tver Region and Yaroslavl Region reviewed your unnumbered letter dated 11.08.2021 and hereby notifies you of the following.

In accordance with Item 1 Article 21 of the Federal Law No. 206-FZ On Plant Quarantine dated 21.07.2014 in case of introduction of a quarantine phytosanitary regime and introduction of temporary restrictions as provided for in Item 5 Part 3 Article 18 of the aforesaid Federal Law any export from quarantine phytosanitary zone of quarantineable products featuring contamination and/or infestation with quarantine object, as a result of identification of which the relevant quarantine regime is introduced, must be performed pursuant to the relevant quarantine certificate in the form of an electronic document duly signed by an encrypted digital signature. Quarantine phytosanitary zone is a territory, on which quarantine phytosanitary regime is introduced following identification of any quarantine objects and measure to fight the same are taken.

According to Item 12 Section II of Resolution of the Council of the Eurasian Economic Commission On the approval of uniform rules and standards for ensuring plant quarantine in the customs territory of the Eurasian Economic Union No. 159 dated 30.11.2016, 'owners/users of quarantineable objects must perform inspection and analysis of quarantineable objects in light of the presence of any quarantine objects and in case of their identification they must inform the relevant authority of the member state, in the territory of which quarantineable objects as located.'

In July 2022 Organic Food LLC inspected the relevant quarantineable facility – malt production shop with the area of 1,480 m<sup>3</sup> and the raw materials stored in that shop

(malt barley grains and brewing barley malt) located at 106A v. Kostino, Pokrovskoye Village Settlement, Rybinsk District, Yaroslavl Region. This inspection was conducted with the help of experts of Yaroslavl Branch of FSBI Tver Interregional Veterinary Laboratory. Based on the results of the inspection the relevant findings on quarantine phytosanitary condition of the quarantineable facility No. 001416.1-151-22 dated 29.07.2021 (Test Certificates Nos. 001416.1-151-22, 001416.2-151-22, 001416.3-151-22, 001416.4151-22 dated 29.07.2022) were issued. These findings stated that no quarantineable facilities significant for the Russian Federation were identified.

In the territory of the aforesaid quarantined facility of Organic Food LLC no quarantine phytosanitary zone has been established.

We hereby additionally inform you that in accordance with Item 2 Part 1 Article 32 of the Federal Law No. 206-FZ On Plant Quarantine dated 21.07.2014 any persons and entities owning, using or renting any quarantineable facilities or producing/processing, importing into the Russian Federation, exporting from the Russian Federation, storing, transporting and selling any quarantineable products must immediately inform the relevant federal authority responsible for plant quarantine monitoring and supervision of the delivery of any such quarantineable products to quarantineable facilities.

In case of detection of any signs of infestation of quarantineable products, quarantineable facilities with quarantine objects owners and users of such quarantineable facilities must immediately inform (including in the electronic form) the relevant federal authority responsible for plant quarantine monitoring and supervision in accordance with Item 8 Article 32 of the Federal Law No. 206-FZ On Plant Quarantine dated 21.07.2014.

Acting Head
